## 2022 Computer Science and Science Standards Public Review

Initial drafts of proposed revisions to the Indiana Academic Standards for computer science and science are now available for review. The Indiana Department of Education (IDOE) invites all stakeholders to share feedback on these standards. Select the links below to access and review computer science and science standards documents for each individual grade level, grade band, or subject area. After reviewing the standards document, please access the corresponding JotForm survey. Public comment will be collected through Friday, April 8. Please contact IDOE's [Office of Teaching and Learning](#) with questions.
